

Carolina's Favorite Backyard Grills

Easy! Carolina's Favorite Backyard Grill makes feeding a large family or large group of friends all at one time, This grill is guaranteed to give you hours of cooking satisfaction! With a little practice, this grill will yield some of the best tasting food ever cooked!

Plenty of room! The #CFBG 100 will hold approx. 27 racks of baby back pork ribs, 36 chicken halves or a 140-pound pig.

The main burners are covered by shields to prevent flare-ups. Once you adjust the temperature to the right level, you can relax and let the grill cook! Because these are so easy, efficient and fun to use, this is by far "Carolina's Favorite Backyard Grill".

Hand made! These grills are not assembly line, cookie cutter grills. In the Carolina's, most pig cookers are made out of old drums and second hand steel. Ours are made out of brand new, heavy gauge steel and each grill is carefully hand made to the highest standards by an actual pig cooker.
