

Bone Suckin' Baked Potato

Bone Suckin' Sauce, 1 16 oz. jar

Potato, 1 Large Baking

Cheddar Cheese, 2 oz.

Take one large baking potato and rub it with a mixture of melted butter and a tablespoon of Bone Suckin' Sauce. Seal loosely in Aluminum foil and bake at 400° until soft (usually about 45 minutes to an hour). Serve with fresh grated cheddar cheese, butter, and Bone Suckin' Sauce. It's really quite tasty and all of the spices in the sauce are really accentuated by the starch in the potato. Give a try, especially on a cold night!!
